

ILLINOIS ENVIRONMENTAL PROTECTION AGENCY

#6

MEMORANDUM

DATE: August 31, 1983

TO: Bob Mulvey

FROM: Bill Seltzer *WS*

SUBJECT: Permit Log Numbers 498 and 499  
Request by Brighton 1 and 2 for  
Supplemental Permits Received  
July 22, 1983

The site is currently subject to pending litigation wherein both the Agency and Brighton are being sued by the Attorney General's Office. However, the pending subject permit applications are designed to improve the groundwater monitoring system at the site, and the litigation should not hold up your review of the permit applications. Naturally, you will make the technical decisions as to whether or not the permits should or should not issue.
